

Company Profile

Aurora Consulting, Credit Solutions was established to help educate people and improve their credit reports and credit scores. Our associates, with their specialized training, are well equipped to assist you to understand the credit reports and how to use them to your advantage.

Our goal is to help as many people as possible. If you have credit issues, we will help you to achieve good credit. If you already have good credit, we will educate you so you will not have to deal with having negative credit.

With 82% of people having inaccurate, misleading, duplicate and obsolete information on their credit reports, knowing what is on your reports and how to use your credit to your advantage is the best asset that you can have. By using the federal laws, we help you achieve freedom from this financial struggle.

“You have the right to great credit, it’s time to grasp the chance and achieve it!”
